Canva 

Adobe XD 

Sketch 

Photoshop | Illustrator 

Overview

Highly skilled UI/UX Designer with 8+ years of experience creating user-focused web and mobile experiences. Experienced in AI-driven tools, usability testing, prototyping, heuristic evaluation and defining UX standards. Expert at turning research insights into intuitive, engaging, and data-informed designs that enhance user satisfaction and product performance.

EXPERIENCES

Senior UI/UX Designer (June 2020 – Present)

ParonSoft Solutions Ltd. | Remote

Designing end-to-end custom digital products for global clients, focused on scalable, user-centered solutions. I manage the full lifecycle from research and discovery to high-fidelity design and implementation, working closely with cross-functional teams to turn ideas into effective products.

Key Achievements:

- Increased user engagement by up to 30% through improved user flows and usability testing.
- Reduced drop-off rates by refining onboarding and conversion journeys.
- Designed and maintained scalable design systems, improving team efficiency by 25%.
- Led UX strategy and research initiatives to align product goals with user needs.
- Mentored junior designers, strengthening design quality and consistency.
- Leveraged AI-powered design tools to generate UX copy variations, identify friction points, and accelerate prototyping, improving design efficiency and decision-making.

UI/UX Designer (May 2022 – June 2024)

Spectrum | Hybrid

Led web and mobile product design initiatives focused on usability, performance, and business growth.

Key Achievements:

- Improved user satisfaction and product adoption through UI optimization.
- Streamlined user journeys, reducing task completion time.
- Collaborated with product and development teams to deliver consistent multi-device experiences.
- Conducted design reviews and mentored junior designers to elevate team output.

Junior UI/UX Designer (February 2011 – April 2012)

Maison Mahdil | On-Site

Designed intuitive web and mobile applications with strong collaboration between design and development teams.

OTHER SKILLS

Angular, React JS, JavaScript,
JQuery, SaaS

HOBBIES

I love traveling to explore new cultures and ideas. I also enjoy sports like football and cricket, which keep me active, teaching teamwork, quick decision-making, and discipline.

REFERENCE

Md. Mostafizur Rahman

Technical Lead, Microfinance,
Software Engineering at Brac IT
Phone: +8801777798133

Key Achievements:

- Translated complex requirements into simplified interaction flows.
- Improved usability and accessibility standards across products.
- Delivered high-fidelity prototypes that accelerated development cycles.
- Ensured seamless design-to-development handoff.
